top = Windows Task manager (top se bahar niklne ke lie q dabana)	✓
kill = Kisi process ko mar do	✓
du -h = Show disk usage of a directry	✓

Ye dukh kya hai ki sara website jo chala rahe hai vo killercoda pr chala rahe hai vo sirf 40 min ke lie hi hai...

Matlab ye computer faltu hai, hame apne control ka computer chahiye...
